_____	Events	_____
\$7000.00	Retreats	The ARM Commission sponsors two recovery retreats each year at SECC. Additional information is in the attached documents.

**Diocese of Louisiana
Addictions Recovery Ministry Commission
2017 Budgetary Request**

The Addictions Recovery Ministry is a specialized ministry of this diocese and a local affiliate of the Recovery Ministries of the National Episcopal Church. Our mission is to welcome recovering people into the Episcopal community and also help recovering Episcopalians find a home within the organized church. Within the diocese, the Addictions Recovery Ministry provides education, guidance, and support for families and parishes struggling with, or wishing to learn more about, addiction. In this context, the term "addiction" means a relationship with any activity or substance that interferes with healthy functioning including but not limited to alcohol, drugs, relationships, sex, work, gambling, or food. The ministry was created in 1984 under Bishop James Brown. We have been providing annual recovery retreats for over 30 years. These retreats touch about 125 people each year and also provide a reliable source of income to SECC.

The ministry is requesting a continuation of last year's \$7000 allocation for 2016. This will enable the ministry to continue its successful retreats as well as working with the diocesan staff on a recovery-oriented clergy day and following up with parishes after the 2016 Diocesan Convention with themes built around recovery and wellness issues. Other ministry efforts during the year such as supporting Recovery Sunday activities, providing educational materials, and speaking with interested clergy and lay people come from ministry volunteers with little or no expense involved.

The attached spreadsheet shows a more detailed breakdown of ministry expenses underlying the budget request form. The primary expenses of this ministry are the costs incurred in producing two recovery retreat weekends at the Solomon Episcopal Conference Center (SECC) each year. Retreat attendees are charged what SECC charges to the ministry plus \$20. The ministry covers the SECC fees for its retreat staff (facilitator, chaplain, spiritual directors, and musicians) as well as providing 50% scholarships for up to ten financially needy attendees. Each retreat typically has anywhere from 55 to 70 attendees. The facilitator receives a \$500 honorarium plus travel expenses.

Your continued support for this ministry that has touched so many lives for over 30 years will be appreciated. Our chaplain, Mtr. DeeDee Estes, and I are both available to answer any questions you may have.

Yours in Christ,

A handwritten signature in black ink that reads "Lance Armstrong". The signature is written in a cursive, flowing style with a long horizontal stroke at the end.

Lance Armstrong

<u>Amount</u>	<u>Category</u>	<u>Description</u>
\$5980		Student ministry interns for SUNO and UNO
\$4500		Campus ministry supplies
\$20,000		Maintenance and Repairs to the premises
\$3,800		Travel and Education
\$26,400		Property Insurance

To: Budget Committee, Episcopal Diocese of Louisiana
From: The Rev'd John H. Craft, Chaplain, Chapel of the Holy Comforter
re: Budget request for 2017

August 3, 2016

In a budget request submitted on this date for Chapel of the Holy Comforter, we requested funding to support the students ministries at the Southern University at New Orleans and the University of New Orleans communities.

The ministry to those university communities have, for the past several years, been supported by the donations of the congregants of the Chapel. The Chapel of the Holy Comforter is a diocesan ministry yet its operations have not been funded by the diocese for a number of years. The part-time chaplain is paid from plate offerings and pledges by the congregants.

The primary focus of the budget request is to fund two student ministry internships, one for SUNO and one for UNO. For the preceding academic year, our current intern was an international student at SUNO. He is from Nigeria and has been an Anglican all his life. His work connected us directly with the international student community at SUNO. He has now graduated and moved on to graduate studies at another university. Fortunately, we have been able to replace him with another international student. He is also Nigerian and a life-long Anglican. He is a graduate student at SUNO.

Our original intention was to have interns for each of the campuses. We have made arrangements for the services of a UNO student, a biology major in her senior year. She will assist us in making contact with students. She is a graduate of a New Orleans public high school and active in campus life.

For years, Holy Comforter has served lunch to students every Thursday while classes meet. Our first lunch of the school year will be held on August 18. We hope to continue our ministry with the international students at SUNO as well as strengthening our connections with UNO students. So far this semester, our luncheons have been mostly populated by international students. Last week, I was joined at the table for lunch by students from Nigeria, Mali, Kenya, Germany and Marrero.

The senior warden at Holy Comforter, Dr. Samuel Eweni, is a faculty member at SUNO. He is originally from Nigeria and is most interested in this ministry to SUNO students and its current popularity among the international student community.

Our hope is that the diocese will continue to fund our student ministry to SUNO and UNO initially, providing funds for the hiring of two student ministry interns.

In the past, the diocese funded the Chapel of the Holy Comforter in the same manner in which it funds the Chapel of the Holy Spirit and St. Albans. A number of years ago, however, the diocese ceased to provide funds for any clergy assigned to the chapel. Currently, the diocese provides the building and insures it as well as funding a minimal amount of building repairs. The congregation, which has always paid all of its diocesan assessment and requested programming funds, has supplied all of the operating funds for the diocese's only campus ministry to an historically black college or university until some minor funding was restored for 2016.

It should also be noted that the student body of the University of New Orleans is composed primarily of students from the great New Orleans area. The vast majority of them represent the first generation of their families to attend college. Approximately 41% of the student body at UNO consists of African-American students. UNO is the only state university founded without any racial designation.

We ask that the Chapel be provided with funding to hire interns for each of the two campuses and that the funds formerly designated for travel and continuing education for the Chaplain be restored.

PURPOSE OF THE INTERNSHIPS

The purpose of the internships for UNO and SUNO is to increase the time that can be dedicated to student ministries beyond that available through our part-time clergy. The students in each of the two positions will gain experience in person-to-person contact with students and in relationships with student organizations.

Through contacts made by the interns, the chapel community will be able to grow and serve the greater university communities. The interns will assist the Chaplain and other ministry leaders to identify areas where the chapel can be of value to the greater community.

HOURS AND COMPENSATION

The interns will be compensated for 10 hours a week during the periods when classes are being held as well as one week in August prior to the commencement of classes for the purpose of planning. Interns will be paid \$12.50 per hour.

Each intern is required to complete the "Safe Church" training or an equivalent and to provide documentation of that training to be held in file in the chapel office.

Each intern is expected to attend each Thursday luncheon and to assist students from each campus to get to and from the chapel for those luncheons.

It is expected that each intern will attend the Eucharist at 10:00 am at the Chapel of the Holy Comforter and to encourage and to assist students to attend that service as well.

Interns must provide their own insurance, transportation and housing. The intern may not transport students to and from chapel activities in the intern's own vehicle unless that vehicle is properly insured.

REQUIREMENTS FOR INTERNS

Interns are hired by the Chaplain in consultation with the advisory board/vestry of the Chapel of the Holy Comforter. Interns must be upper level students at either UNO or SUNO. Graduate students are eligible. Successful applicants will have demonstrated aptitude for work in ministry and in organizational relationships in faith communities. Successful applicants will have the ability to establish contact with people they have never met before and will have be both energetic and outgoing.

SUPERVISION

Interns are supervised by the Chaplain and attend monthly advisory board/vestry meetings for limited purpose of reporting on their activities. The interns will confer with the chaplain on a weekly basis.

ACCESS TO THE CHAPEL

Interns are provided keys to the chapel and are encouraged to organize study sessions and such events provided that the Chaplain is informed whenever such events are to occur. Interns must be present at all such events. During the course of any study session or other event, all occupied rooms are to remained unlocked and all the "Safe Church" rules observed.

PURPOSE OF CAMPUS MINISTRY

The purpose of campus ministry and of the internship program is to provide the members of the campus communities with a sense of comfort and home within the body of Christ. It is to promote the awareness that the church is a place of support and strength. Its purpose is not to seek out the perfect and enlist them in the church. Campus interns are not expected to be perfect and are not intended to operate from a position of superiority. We offer comfort and support for people in a period of transition and tension. Our prayer is that they find us to be a home and that they look at the church as a home wherever they go beyond their days at SUNO or UNO.

MAINTENANCE

The current budget request does include an increase in the amount to be supplied for maintenance. In the past few years, the diocese has provided relatively minimal support for the

maintenance of the facility. The Chapel building went into service in 2000. Many parts of the facility are beginning to show wear. Notably, we have had to make major repairs to the air conditioning and heating systems. So far, in 2016, we have spent \$22,388 on replacement of compressors. It is anticipated that another \$9000 will be needed before the year is out. The requested amount anticipates future cost and return of some money to our operating budget.

The Chapel of the Holy Comforter supplies ministry to two distinct university communities as well as to the on-going congregation. We do everything that any campus ministry or parish church does. We are extremely active in the life of the diocese and do everything we can to reflect the Episcopal branch of the Jesus movement on the lakefront of New Orleans.
