

Group Life Insurance At-A-Glance

Group Life Insurance is an employer-provided benefit to help you meet your family's insurance gap.

What is Group Life Insurance?

Group Life Insurance is a benefit provided and paid for by your employer. The amount of group coverage you receive depends on the specifics of your employer's contract with Church Life. For details about your plan, please check with your church employer or diocese.

Plan Features

Accidental Death & Dismemberment (AD&D)

AD&D pays in the event of death or dismemberment caused by an accident, directly or independently of all other causes. The maximum benefit pays up to the amount of the group life benefit. This benefit is only available to the employee and terminates at age 70 or the date of retirement, whichever occurs first.

Waiver of Premium

If you become totally and completely disabled for at least 6 consecutive months prior to your 60th birthday, Church Life agrees to waive the payment of your life insurance premium to age 65 or until you are no longer deemed disabled, whichever comes first.

Convertible Coverage

You have the ability to convert your terminated (or reduced) group life policy to a permanent Whole Life Insurance policy if you apply within 45 days from the date of notification. There is no underwriting or interruption of coverage. Premiums will be based on the individual whole life rates in effect at the time of conversion.

Living Benefit

Under the "living benefit payment," you can choose to receive your benefits prior to your death in the event you are diagnosed with a terminal illness.
